Our office in Hong Kong manages visa and citizenship services for clients in Hong Kong, Taiwan and Macau

Hong Kong and Taiwanese passport holders travelling to Australia as tourists or for business purposes are eligible to apply for an Electronic Travel Authority (ETA). More information on [ETA](#) eligibility is available.

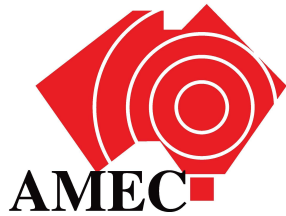

You can apply online for most Australian visas and citizenship through [ImmiAccount](#). This is the preferred and most efficient way to apply.

We have a Service Delivery Partner (SDP) agreement with [VFS Global](#) to provide visa application and biometric collection services in Hong Kong through an Australian Visa Application Centre (AVAC).

On 5 August 2020, the AVAC resumed limited services to support clients wishing to submit supporting documents or seek assistance to lodge an online application for the Business Talent visa (subclass 132) or Business Innovation & Investment visa (subclass 188).
